

Saturday, 8 February 2014.

Good evening [my scribe], this is your Heavenly Father.

I am very pleased that you have continued to write for me, your Heavenly Father.

The truth in my teachings cannot be held back by this material world and the wicked spirit that dwells within it. I want all my children to know who their beloved creator is. I want them all to know that it is really me that is giving these words through my scribe, who is penning them down onto this paper. I also want you to understand, my dear ones, that I love you all, each and every one of my created children.

I created you perfect with a very high level of knowledge and wisdom. You all previously, each and every one of you, lived in my heavens with me and my perfect angels. You lived in peace, happiness and bliss with me. This was until you were influenced by the adversary to turn your backs on me and to stop accepting the animating love that I sent to you. Once you had stopped receiving my love, each one of you also had apostatised from me, fell from my grace, fell from heaven and became encased in matter, under judgment, from where you have all had to begin your journey, through the various kingdoms, to return to me.

At first your soul particles were encased in the matter of stone, where you progressed through the vegetable kingdom, then through the animal kingdom until the point when you were born again as man. You have no idea of the length of time, the eons that it took for you to progress to the point that you are once again as conscious as man or woman. **Now that you are conscious of yourself again, I have placed you on Earth so that you can make a decision. A decision to choose me, your loving Heavenly Father who wishes you to return home with me to live eternally in my heavens, or the decision to follow the adversary with his false promises and whispers regarding living the good life, attaining worldly riches and only caring about one's self.**

These temptations of the adversary, my dear ones, can only lead to more suffering for you and mankind. **You must resist all worldly temptations and turn to me in your hearts and pray that I may protect you from the temptations of the evil spirit, Satana, who is the enemy of all mankind. His goal is to take as many of my children away from me as he is able, with his false allures and temptations.** In return, he will only bring death and destruction to those that follow him. He does not care for you and love each and every one of you, my children. **His sole aim is to conquer me and every living creature in all my creations.** He and his followers do not have love and adoration for my created children the way I and all my angels do. He only has hatred and destruction in his heart at this point in time. Yet, **I have my Plan of Salvation for each and every one of my children that were deceived by**

this enemy of mankind to commit the sin of Apostasy, by turning away from me, by no longer wanting to receive and accept my animating love-rays.

This is what led to the fall of mankind, the hardening of their soul particles and the creation of the whole physical universe, which is nothing more than the hardened soul particles of the arch-deceiver, the adversary, as well as each child of mine that was deceived by him, who turned their backs on me including their non-acceptance of my loving rays, which animated them, which formerly gave them life, peace, happiness, and joy in my heavens. Once they stopped receiving my animating love-rays, they fell. Their souls became hardened and they entered into stone and rocks in death and judgment awaiting their Heavenly Father to assist them on this long journey that you have all been on to return back to me in my heavens, whence you originated.

This, my dear children, is the True meaning of the Original Sin of mankind, not the story of Adam and Eve, which came many, many eons after my Salvation Plan began. For the story of Adam and Eve, whilst being a true one, was not the originating cause of mankind's fall. In fact, if Adam and Eve had followed my simple instructions, I would not have had to come back to the earth plane and give my life as Jesus to complete my Salvation Plan, which continues to this day. Had Adam and Eve followed my instructions and not eaten from the forbidden Tree of Knowledge, it would have opened the gateway for all future generations to enter my heavens without the pain and suffering that continues to this day.

I permit you, my children, to be tempted by the adversary and his followers, as I want you to make a choice in this final short test life. To choose me, your loving creator, who only wishes to bring you peace and happiness and joy, or to choose the adversary who, with his lies and deceit, only wishes to bring death and destruction to my children, who he knows that I love above all else. He has no interest in mankind, which he despises, other than to deprive me of that which I love the most, each and every last child of mine that I wish to bring home.

This is why, my dear ones, I gave you the "Our Father" prayer, to help to protect you from the adversary and his followers who are using every means of deceit and trickery to deceive you.

Pray to me, my loved ones, to protect you from the snares of the adversary.

Pray to me for my love, strength and protection daily, before you go to work, school, or go about your daily affairs.

Pray to me in the evening before you go to sleep.

Praying to me in this way, from the heart, will enable me to be with you and guide you in your daily lives. This was the reason that I gave you the "Our Father" prayer.

I also wish that you talk to me every day. Tell me about your problems, what was good in your day, and what was not good in your day, and what you need help with. In this way we can develop a personal relationship between me, your loving creator and Father and you, my child who I love more than anything, more than the entire universe, and all its endless creations.

Pray to me for my love and guidance daily. I will inspire you to help your fellow human beings so that you can teach them my message of brotherly and sisterly love, of teaching, sharing and caring which I taught you, when I walked among you.

Go in peace and love, my dear ones.

Amen.
