Good evening [my scribe],

This is your Heavenly Father Jesus speaking. You have been through some difficult times lately, with the passing of your uncle and other matters that you have been through.

I wish to remind you that it will not be easy to be my scribe. You have shown great dedication to being my scribe and teacher of my holy words. Words that will last for an eternity. As I have stated through other scribes, **whole universes and galaxies shall cease to exist in the future, but my words and teachings shall be eternal.** Do not worry about your day to day lives, as I will take care of everything. Turn to me in your heart, in loving prayer and I will send you to the places that you need to go. I will show you what you need to do for me, your loving Heavenly Father Jesus, who is with you at all times. I will show you, [my scribe], that it is truly me that is dictating these loving messages through the pen that is now in your hand. For I have selected you to be my writer to pass on my loving messages to a world that is starving for spiritual truth. **All my created children will come to understand that I have come to help them in the difficult times that lie ahead. All that they need to do is to turn to me in loving prayer and ask for my help. I will personally guide them through the stormy seas ahead to a safe port, where they can find rest from the troubles that assail them.**

**My children need to know the truth. The truth behind why they were created, the truth behind their fall from grace and the truth behind what they must do to return to my house in the heavens, where I await them. I have shown the way to my children all throughout human history and I will continue to show my light, my love and teachings to each and every child of mine until they have returned safely to me, where I await them.**

**My dear ones who read these messages, I would like you to spread these teachings far and wide. Tell your brothers and sisters about me, about my great love for them. Tell them that I want them to get to know me better. Tell them to start reading these teachings.** The teachings which I gave personally on the earth plane, when I lived among you and the teachings that I gave to Moses on Mount Sinai, when I gave him my ten commandments of love. **All of these teachings, my dear ones, can be summarised into two commandments: Love me your Lord and God above all else, and love your fellow men and women as you love yourself. These two commandments express all my earlier teachings, my teachings of love.**

My dear children who read these messages, I wish you to start spreading my teachings of love to your brothers and sisters. They need to know my teachings and be reminded of what they have learnt before but had forgotten. **The one and only path that brings my children back to me is through practicing my teachings of love in their lives.** This is the way forward to obtain peace in their lives and eternal bliss in my heavens when they return back to me.

**The world needs light. This is why I wish every one of you, my dear ones, to be a beacon of light for me in this world. By spreading my teachings you will be spreading my light in a world that is starved of my light and love.**

I have stated in one of my earlier messages through this scribe that **there will be many changes in the world to come shortly**. You can play your part by spreading my teachings of brotherly and sisterly love. **Through your example, people will see my teachings coming to life through your actions. It is only through living your lives in such a way that you can achieve salvation for yourselves as well as your brothers and sisters.** Please try and be a proper example for your brothers and sisters so that they can learn from you how to put in practice what proper Christians can do to live their lives according to the example I showed them whilst on the earth plane.

My dear ones, **I want you to know that the amount of time before I return on the earth plane is extremely short. Before that happens, there will be many calamities that many of my children on the earth plane must face.** They will soon be faced with many adversities, which are designed to teach them to turn away from this world and the deception of the so called "good living" that so many of my children seek to obtain. Their eyes are closed. They do not seek me and my kingdom but only seek this world and its treasures. **Seek not this world but only me, your loving Heavenly Father.**

The adversary has set many traps for you to ensnare you and to take you away from me and life eternally in my heavens, where you will experience bliss to greater bliss endlessly. He seeks to destroy all that which is dear to me and this my loved ones is you, my beloved children.

Seek not this world and the adversary's false promises. Turn to me and ask for my help in all your daily problems. Pray to me and ask for my love to strengthen you against whatever the adversary and his followers may throw at you. I will give you everything you need. I will lead you and provide you with peace in your lives.

**The adversary wishes for you to be busy rushing about, as he knows that when you rush about, you take no time to think and reflect about what is going on in your lives. In this end time period, time will seem to pass ever sooner. People will become busier, as the adversary seeks to keep my children occupied with the material world so that they forget about me. But I will ensure that this does not happen. Through my scribes and other children that I will awaken, I will teach my children in the world about these snares that the adversary is setting for them, so that they can be aware of the dangers that are in front of them, so that they can pray to me for protection.** I will then personally steer my children into safe waters, where they cannot be harmed or influenced by the adversary and his followers. **This is why I am reminding you, my dear ones, pray to me daily for my protection and blessings.** I will be by your side and protect you from whatever may befall you in your life.

My dear ones, it is late and my scribe is getting tired. I will continue with my teachings on another evening, when my scribe is more rested. I give you my love and blessings, my dear ones.

With love – your Heavenly Father Jesus.
