

**Easter Sunday - 20 April 2014**

Good evening [scribe],

This is your Heavenly Father Jesus that is here with you, inspiring you to write down these messages, which I want to share with all my children all over the world.

My dear scribe, I have chosen you for this work because I know that you are the right [person] for the work of writing down my messages and sharing them with all of mankind. I chose you, [my scribe] because you have a gentle heart that is full of love for me and your brothers and sisters. This is exactly the kind of heart that I seek when I choose those of my children who are destined to be my workers in my vineyard. I chose you, [my scribe] also because I knew that you would take up this work with passion and zeal. I want you to know that I am very pleased with the work that you have done thus far, my [scribe]. I would like you to continue being my scribe for the remainder of your earth life for me. As I have said in some of my previous messages, there is a lot of work that needs to be done, and **I have a lot that I want to say** through the pen that you hold in your hand. But the work that I want you to do for me is not limited to being my scribe. I also will it that you also become my speaker in the near future as well as a teacher of your brothers and sisters. Are you willing to do this work for me, my [scribe] ? [Answer, yes]. Being my scribe, speaker and teacher shall not be an easy road for you to follow, my [scribe]. There will be many challenges, temptations and hardships that you will need to endure. Are you willing to endure these things on my behalf, my [scribe]? [Answer, yes].

The path that you have just consented to is not an easy one. There will be many days when you will question why you have chosen this difficult path to follow. If you willingly submit to my holy will, I will lead you, guide you and will be with you every step of the way. Do not fear anything as I will personally protect you from the adversary and his followers. It is my holy will that these new teachings must come to the world to shed some new light for my children on the earth. I cannot emphasize to you enough how important it is to me that you complete this holy work for me. **The importance of this work will become apparent to you, my dear scribe, as well as to the readers of these messages when the events that I will foretell through this scribe start to happen.** In addition to this, **the importance of this work will become apparent when you commence to write the main body of work for me, where I will correct all my teachings, wherever they have been misinterpreted by my children in the past,** albeit with the right intentions, nonetheless, their interpretation of my teachings has led to errors in my children's understanding of my teachings. It is my holy will that there be no false or erroneous teachings for my children on the earth plane as false or erroneous teachings lead some of my children on the wrong path, away from me rather than bring them closer to me.

This work of correcting erroneous teachings that have been wrongly interpreted by my children in the past is a very important one. The **children being born today require pure teachings that have not been contaminated by various interest groups in the past.** What will draw these young souls to me will be the truth. The generations of children that will be born from now on will require my teachings in the manner in which I taught them when I walked on the earth plane but with one simple difference, they

**require my teachings to be provided to them literally.** Their souls are now mature enough to be able to receive my teachings literally, **free of any allegory or parables.** Whereas the souls of children being born at the time when I walked on the earth plane were immature, the **souls of children being born today in contemporary times are more mature. They are ready to receive the full depth of my spiritual teachings.** This will become apparent to all of you, my dear ones, when this loyal scribe commences to write the book or text book that I will ask [my scribe] to publish. [My scribe] will receive a lot of ridicule for publishing this book on my behalf, but I ask all of you that read these messages to pray for [my scribe] so that I may strengthen [my scribe] for the tasks that I will set for [my scribe].

The adversary is aware that my scribe is going to do this work for me. He does not like the fact that this book will be responsible for bringing many new souls to me in the future generations. For this very reason he will test and torment [my scribe] for the rest of his life on the earth plane. He will endeavour to turn him away from this work and will tempt him with many enticements to send him onto a different path than the one that he is currently following. For this reason, my dear ones, **I ask that you pray for [my scribe]** so that I may strengthen [my scribe] with my Holy Spirit to endure many of the tests and challenges and torments that [my scribe] will need to endure to be my scribe, my speaker, and my teacher of the brothers and sisters that I will continue to send to him directly.

I assure you, my dear scribe and you, my dear ones, that the path that [my scribe] has taken is not an easy one. Your prayers for [my scribe] will help me to strengthen [my scribe] against my adversary and all his followers. The darkness never likes any of my children who wish to shine my light in this world. Yet it is my light that all my children on the earth plane require. And it is my holy will that my light will shine brightly to all four corners of this earth. The adversary and his followers may attempt to put out this light but it is of no avail to them. I have willed my light to shine on this earth and so it will be.

**As today is Easter Sunday in this part of the world, tomorrow will mark the beginning of what is called the "end times" in the Book of Revelation** written by my beloved John. The events that were described allegorically in the Book of Revelation by John will now be revealed literally through this scribe. As I have given in one of my previous messages, **I shall reveal to you what each of the "end time" events are before they happen.** The reason why I do this is because it is an act of mercy on my behalf. Once the world becomes aware of these messages, including the events before they happen, it will bring many more souls back to me. My adversary does not like this as he prefers that all of mankind be kept in spiritual darkness. This is why it is important to pray for my scribe daily so that [my scribe] may continue to do this work for me, your Heavenly Father Jesus.

This is all that I wish to say tonight, as my scribe is getting tired and has a long journey ahead of [my scribe] tomorrow. Please share these messages far and wide [my scribe]. I would like you to type them out and place them on the internet. I would also like you, [my scribe], as well as all my children who read these messages to tell others about these messages.

Go in peace, my dear ones, I love you all very, very much - your Heavenly Father Jesus.
