Good evening [scribe],

This is your Heavenly Father Jesus that is here with you, my [scribe]. I want to thank you [my scribe], for doing this work for me. For spreading the Truth in my teachings which the world needs. Not only for this point in time, but for the future generations that will read these messages long after my scribe has returned back to my spiritual kingdom, from where he and each of you, my dear children, who read these messages, came from.

Tonight I wish to discuss the important topic of humility. Living your life with humility is one of the most important things that you should strive to do every day while you are living on the earth plane. If you live every day with humility and in gentle loving service of your brothers and sisters, you will be living a life of Love. I need my children to be humble, to not just think of themselves always first and foremost. I need my children to place the needs of their brothers and sisters above their own needs. Selfishness, arrogance and pride lead to wars, my dear ones. By humbly placing your brothers and sisters first, before yourselves, you are living your lives according to the example that I gave when I walked among you. By putting others' interests ahead of your own you are beginning to live your life in your heart space, where I reside. In one of my previous messages, I mentioned that a piece of my divine spirit resides in your hearts. I have placed a piece of my spirit spark into every child of mine that lives on the earth plane. Presently, most of mankind thinks intellectually with their physical minds. This has to change. I wish my children to commence thinking and feeling with their hearts. This is referred to by some writers on earth as, "thinking with your heart space." This is what I wish that you do, my dear ones, that is, to move away from thinking with your physical brains to thinking with your hearts. You might then ask me, my dear ones, how do I do this? The answer lies in your loving intentions and your loving actions. If you live your life every day humbly, without being selfish, by putting your brothers' and sisters' needs ahead of your own, you will begin to start thinking in your heart space and from those loving thoughts will come loving deeds. The key to this whole process starts with humility, which then leads to loving service of others. This is what the world needs, my dear ones. It needs my children actively putting the needs of others before themselves.

In one of my earlier messages I spoke about developing your "Christ Consciousness" through asking me to come into your life and involving me and speaking with me about everything you do, both great and small. By living your life humbly, by thinking of the needs of your brothers and sisters above your own, by helping them with loving deeds and by thinking of me always in everything you do, you soon develop your "Christ Consciousness." You will become aware of my presence in your heart as well as around you. The Truth is that I am everywhere, as everything you see in the universe has originated from me. This is why I am truly omnipresent and I, as well as you and every other living being in the universe, are one. Your journey to the perfection of your soul begins with you living humbly.

It will not take very long before you feel my warmth and presence in your heart. I will lead you, my dear ones, personally through every trial that comes your way on the earth plane, if you let me. All you need to do is ask for my help every day, and I will lead you on the right path of spiritual perfection. As you progress through life, so also will the eternal love that we share. You will feel the increased love emanations that I will send to you to strengthen you, to guide you, to inspire you and to help you mature and perfect your soul. In my essence, dear ones, my love is like an all consuming fire that burns away all imperfections and impurities and transforms and perfects the souls of my children to prepare them for eternal life with me in my heavens.

Many of the events that you will shortly see take place in your world are the fruits of the adversary. He has planted the thoughts of selfishness and hatred and arrogance amongst many of my children on the earth plane. This has caused some of the world leaders to become proud and has developed in them a desire to dominate and conquer.

All these matters are the exact polar opposites of what my teachings of love represent. The adversary is also aware that we have now formally entered into the end times. He is aware that the time is now even more limited before there is a "show down," so to speak, between the forces of good and evil. This is why the adversary and his followers are being increasingly more vocal and aggressive in their attempts to influence the leaders of various nations to do evil aggressive deeds of war and other atrocities against their neighbouring nations and my children who live in those nations. This will result shortly in war, my dear ones. This I foretold through my beloved John in the Book of Revelation and shortly through this scribe literally. The events that initially have been described between Israel and Syria must happen, as everything that I pronounce and will must be so. Although these tragic events as well as the ones that this scribe will foretell in the future, must happen, you, my dear ones, can have a material influence on those events through your prayers. **Pray for peace between Israel and Syria, pray for peace in the wider Middle East, pray for peace right throughout the whole world.** Your heartfelt prayers can greatly reduce the severity and length of the wars in the Middle East that will shortly come. Go into your heart space and pray to me from your hearts to alleviate the pain and suffering of your brothers and sisters. I assure you that I will answer each and every sincere prayer that is made to me from your hearts. As I have said in one of my previous messages, the wars that are to commence are not condoned by me, they are contrary to my laws of love, yet the events must happen to fulfil what has been foretold in the scriptures. My children of Israel will very much regret their acts of aggression against their brothers and sisters in Syria as they did previously in history when the Romans burnt down King Solomon's Temple in 61 AD. In both instances my children acted contrary to my laws of love that I gave to Moses on Mt. Sinai. The result back in the past was that the Romans punished them, burnt down the temple and a great part of the city. Many lives were lost. So too will be the same result when my children of Israel, those of my children who received my teachings of love first, will once again be punished for their act of aggression as I will allow their Arabic brothers and sisters from neighbouring countries to overrun Jerusalem for a period of time as punishment for their aggression in breaking my laws of brotherly and sisterly love.

My dear ones, I want you to know that I take no pleasure in watching the adversary and his followers influence my children to such an extent that they cause so much suffering on the earth plane. The time in which I will permit him and his followers to do so will shortly come to an end. I cannot stand by and watch my children on the earth plane, whom I love above all else, to suffer the way they have been throughout the ages. This is why I have increased the love emanations that I am sending throughout the universe. These love emanations, as some of you are aware, are increasing the vibrations of physical matter. This is also opening up the hearts of my children on the earth plane. My children are awakening from the spiritual slumber that they have been in, on mass now. My children are beginning to challenge the thinking that they had in the past. As their hearts are beginning to open up or flower due to my increased love emanations, they are beginning to question their existence, they are seeking information about the purpose as to why they are living their earthly lives, they are questioning their relationships and most importantly, they are beginning to think with their heart. They are commencing to live their lives with consideration for their brothers and sisters. In short my dear ones, they are commencing to live their lives with LOVE, the way in which all my children were meant to live their lives, so that they can mature their souls in preparation for eternal life with me in my heavens. Unfortunately, there are many unpleasant events that will commence shortly that my children on the earth plane must endure, prior to my second coming. I ask you once again, my dear ones, to **pray for peace in the Middle East and throughout the whole world**. Tell all your friends about these messages and spread them far and wide for your Heavenly Father Jesus, your creator, wants you to let as many people as possible know that their father loves them very much and wishes them to pray to him and turn to him in these difficult times, to protect them from the events that take place, as well as from any influence of the adversary and his followers. All that my children need to do is simply to turn to me and ask me for my love and protection in the very difficult times to come. Always remember, my dear ones, all you need to do, if you have not already done so, is to ask me into your life and I will walk with you every step of the way until you are back in my arms in my heavens eternally, where I await you.

Go in peace, My dear ones!

Your loving Heavenly Father Jesus who loves you above all else.

Amen.
